Report of School Board for the year ending March 1, 1890.

Schools have been maintained the past year in the village and McClure school houses. There were so few scholars on Tenney hill and in the Worthley district we thought best to consolidate and have sent one scholar to Bridgewater and accommodated the remainder in the above mentioned schools.

Miss Celia Jewell taught the terms at the village; Miss Ada M. Locke of Bristol, the summer term at McClure's, and Miss Mabel P. Thompson of Franklin, the fall term. Miss Jewell and Miss Locke are well known teachers with us and fully sustained their well earned reputation. Miss Thompson taught for the first time and succeeded well.

Each school has had 23 weeks during the year, eight weeks summer and fifteen fall and winter. Twenty-one different scholars were enrolled at the village and seventeen at McClure's. The fall rains did not drown the interest and the registers have a record of rank, deportment and progress satisfactory generally. A commendable interest has been manifested by parents and others. One hundred and twenty-four names were registered as visitors, yet the doors open wide for more.

Some repairs are needed inside the village school house, a new teacher's desk a necessity. We would appreciate books of reference and the accessories of a well arranged school room. We hope to have the means to supply our wants. If we had a fund to use as prizes to stimulate to study and deportment we think it would be beneficial in its effect. Our teachers, at considerable expense, procure cards as prizes with pleasing results, and we are quite sure a more substantial token would be a greater inducement.

In reviewing the events of the year we see much good work accomplished. Our scholars are of quite average ability, and compare favorably with former years. We are grateful for favors received and the interest manifested by citizens and others.

Respectfully submitted,

E. K. FOLLANSBEE,
HIRAM M. WORTHEY,
CELIA A. JEWELL, } *School Board.*
